## Jebediah

Don't be too alarmed when you hear me raise my voice I don't want to do it but you've left me with no choice  
I'm helpless and I'm feeling that my actions come too late All around me situations that I can't escape You,  
you... I guess sometimes that I fight for all the trouble that I'm in There's no consideration for the fact you're  
still alive But usually I'm certain that all my trash thrown in the bin Going over speed limits will make you see  
the light oh, you It's a trap [x 5] I don't want to do it but you've left me with no choice All around me situations  
that I can't escape Don't be too alarmed when you hear me raise my voice You, you... I'm helpless and I'm  
feeling that my actions come too late I don't want to do it but you've left me with no choice Don't be too  
alarmed when you hear me raise my voice All around me situations that I can't escape I'm helpless and I'm  
feeling that my actions come too late You, you... It's a trap [x 10]
