

Chemistry

The Nolans

I was lonely,
It was only without you, uh huh,
Then I met you
And I bet that you felt it too, uh huh,
Now we're together Darlin', like birds of a feather

'Cause we've got the chemistry right,
We didn't have to turn on the lovelight wow,
It was on oh
We've got the chemistry right,
We didn't have too try
It just turned out that way, I guess we're made that way,

It's a mystery like ancient history, uh huh,
Tried to understand what it's all about,
But I don't care,
Now we're together Darlin', like birds of a feather

'Cause we've got the chemistry right,
We didn't have to turn on the lovelight wow,
It was on oh
We've got the chemistry right,
We didn't have too try
It just turned out that way, I guess we're made that way,
