

It's OK (Demo)

Modern English

You've said a lot, believe me.
You've said too much again.
Don't cost a lot of money -
I'm gonna count to ten. But it's OK (It's OK);
I've been here before (It's OK).
And I'll come again (It's OK).
You have to give me more (It's OK). There's such a lot of tension,
It's almost everywhere.
A sharp increase in volume -
It fills the air. But it's OK (It's OK);
I've been here before (It's OK).
And I'll come again (It's OK).
You have to give me more (It's OK). But it's OK (It's OK);
I've been here before (It's OK).
And I'll come again (It's OK).
You have to give me more (It's OK). But it's OK (It's OK);
I've been here before (It's OK).
And I'll come again (It's OK).
You have to give me more (It's OK). But it's OK (It's OK);
I've been here before (It's OK).
And I'll come again (It's OK).
You have to give me more (It's OK). (I'm not thinking).
(I'm not listening). But it's OK (It's OK, it's OK).
But it's OK (It's OK, it's OK).
But it's OK (It's OK, it's OK).
But it's OK (It's OK, it's OK).
