

# Dipped In Vaseline

Mickey Avalon

Advisory - the following lyrics contain explicit language:

I stroll down the Ave like big Johnny Rogers  
I pull tricks for a fix and tonight  
I got flows for hoes with low self esteem  
And more for those swallow proteinThe kid from the 60's stars in skin flicks  
And pays the rent inch after inch  
But now I get fly with lyrics  
While you guys be on some queer shitCheck out the way I take a mark for  
All that he's got and a whole lot more  
'Cause when your drawers hit your ankles  
I un'take the shank out my sock and take the bank rollOh shit, you just got lit by an illegitimate kid  
Out the orphanage run and shit  
I'm cumin' with styles you can't handle  
Smoother than the velvet that was hanging from my mantleSo light a candle and praise yo' Lord  
Mickey Avalon's some shit you can affordAll up on the scene dipped in Vaseline  
In a mask and jeans, girl I'll smash your dreams  
All up on the scene dipped in Vaseline  
In a mask and jeans, girlI'm'a constraint hotty getting saucy at the swap meet  
If you want to party get my number and call me  
From dawn to dusk I bust nuts and shoot Charlie  
When you got some money then come and get yo' jolliesA Quarantine in this California dream  
All up on the scene dipped in Vaseline  
My foster parents told me that I could be  
Anything I wanted to so I became meMickey Avalon the kid who runs free  
Serving sucka MC's and getting paid for my delivery  
I freak beats that stain yo silk sheets  
Filthy on the mike like Lenny Bruce used to beThey had booster in the pantry, howlin' like a banshee  
And even when I'm wearin' panties I stay manlyAll up on the scene dipped in Vaseline  
In a mask and jeans, girl I'll smash your dreams  
All up on the scene dipped in Vaseline  
In a mask and jeans, girlIn the Hollywood hills, swallowing pills  
Tipsy off scotch whiskey, sniffin' blow thro hundred dolla bills  
I toast my mostas from coast to coast

In penthouse suits with out any clothes I used to stroll to avoid holes in my shoes  
But now I fly first class and bask in sun tanning booths  
Hustling gay dude for Quaalude's, out by the pool  
In a baby blue bathing suit waiting for Jesus to bring the juice  
I was payin' dues while you was playin' in school  
I took the whole scene over with the flow from my lips  
Here's an autographed picture for yo lil' sis My days of turning tricks are behind me  
Unless you got the time to wine and dine me All up on the scene dipped in Vaseline  
In a mask and jeans, girl I'll smash your dreams  
All up on the scene dipped in Vaseline  
In a mask and jeans, girl All up on the scene dipped in Vaseline  
In a mask and jeans, girl I'll smash your dreams  
All up on the scene dipped in Vaseline  
In a mask and jeans, girl
