

# Bombing Bastards

## Terranova

I'm bombing bastards  
    Forever after us  
    Carrying an equation  
It's like I'm AsianYou heard fantastic  
    We cross the Atlantic  
    They say I'm not normal  
I'm the kid with the formulaIt must be my mind reign  
    I'll make your back break  
    And your knees bend  
    You're sucking me, friendWhat do we do?  
        We do the voodoo  
        I send the energy  
To my enemyAnd fucking Ronald Reagan  
    It's 'cause I'm Pagan  
    Is that you, boy?  
I see your decoyEnter the arena  
    I'm full of schizophrenia  
    I lop 'em in a minute  
And do the schizo franticStop them poses  
    'Cause this is what a flow is  
        Stop them poses  
'Cause this is what a flow isI'm bombing bastards  
    Forever after us  
    Carrying an equation  
It's like I'm AsianYou heard fantastic  
    We cross the Atlantic  
    They say I'm not normal  
I'm the kid with the formulaIt must be my mind reign  
    I'll make your back break  
    And your knees bend  
    You're sucking me, friendWhat do we do?  
        We do the voodoo  
        I send the energy  
To a enemyI'm bombing bastards  
    Forever after us  
    I'm bombing bastards  
Forever after usHere come the aliens  
    We're the aliens  
    We're the failing ones

Here come the aliens  
We're the aliens  
We're the failing onesHere come the aliens  
We're the aliens  
We're the failing ones  
Here come the aliens  
We're the aliens  
We're the failing ones
