

Supernatural

[Mariah Carey](#)

Our love
Is supernatural
Hey baby actually
I'm for sure
It's forever talking 'bout our love You got me lost in the clouds
Floating, like ooh
Keep me here always
We're the only thing that's true Beautiful as the sun
Shadows of my new baby Our love
Is supernatural
Hey baby actually
I'm for sure
It's forever talking 'bout our love Baby, communicate without saying the words out loud
Heavenly
It's more than a state of mind
Now that you're in my life
And ooh Beautiful as you lay
All my tears dissipate, 'cause Our love
Is supernatural
Hey baby actually
I'm for sure
It's forever talking 'bout our love Beautiful as you lay
All my tears dissipate 'Cause our love is supernatural
Hey baby, actually I'm for sure
It's forever, talking 'bout our love Our love
Our love
Our love
Our love
Our love
Our love
Our love
Say you make me go
On and on and on and on now
On now, on now
