

# Loola Loo

## Keb' Mo'

I'm looking out my window  
Feeling kinda blue  
I ain't heard from my baby  
Did she find somebody new? So I called up her number  
And her number had changed  
So I climbed up to the mountain  
And I screamed out her name I said, hey, hey, hey, hey  
My, my, Loola Loo  
Loola Loo, don't leave me  
I will do anything for you  
Loola Loo, you make me feel so fine Loola Loo, I need you  
Don't take your love away  
Loola Loo, oh woman, don't make me cry  
Don't make me cry I stood out on the corner  
I walked up and down the street  
Looking for my Loola  
With that smile so nice and sweet I'm not gonna hide it  
My love just keeps on growing  
'Cos she looks so good to me  
Whether she's coming or she's going I said, hey, hey, hey, hey  
My, my, Loola Loo  
Loola Loo, don't leave me  
I will do anything for you  
Loola Loo, you make me feel so fine Loola Loo, I need you  
Don't take your love away  
Loola Loo, oh woman, don't make me cry  
Don't make me cry Well, maybe she just needs some time alone  
Or maybe my little Loola's heart  
Has suddenly turned to stone I can't give up on Loola  
I've got to take a stand  
So I wrote this little letter  
And I gave to the postman It said 'Baby, please call me  
Please drop me a line  
C'mon throw an old dog a bone  
I need to know if you're still mine I said, hey, hey, hey, hey  
My, my, Loola Loo  
Loola Loo, don't leave me  
I will do anything for you  
Loola Loo, you make me feel so fine Loola Loo, I need you

Don't take your love away  
Loola Loo, oh woman, don't make me cry  
Don't make me cry My, my, Loola Loo, Loola Loo  
My, my, Loola Loo
