

# Not for Nothing

## Isac Elliot

If you don't love me baby leave me alone  
There was a time that I would've done anything for you lady  
I would boot down the sun from the sky cause that's  
    how much I adored you baby  
But to hear telling lately only thing I ever bring you is down  
Say you don't even have the clues to why you even stickin' around  
    Girl I gave you  
        (Gave you)  
        So much  
        (So much)  
    But it's never  
        (Never)  
        Enough  
        (Enough)  
    Keep talkin' so wrong  
Baby tell me tell me what's that about  
    If you don't love me  
If you don't love me baby why don't you leave me  
    Just leave me  
        Alone  
We're playing games baby why don't you leave me  
    Just leave me  
        Alone  
        Alone  
        Alone  
    If you don't love me baby leave me  
        Alone  
        Alone  
        Alone  
    If you don't love me baby leave me alone  
        And don't think  
        That I didn't know bout'  
    All the little secrets you keepin'  
        Couln't leave it in the past  
        And it's getting in the way  
    I wish that you could believe  
        Girl I gave you  
            (Gave you)  
            So much

(So much)  
But it's never  
(Never)  
Enough  
(Enough)  
Keep talkin' so wrong  
Baby tell me tell me what's that about  
If you don't love me  
If you don't love me baby why don't you leave me  
Why don't you leave me  
Just leave me  
Leave me alone  
We're playing games baby why don't you leave me  
(Why don't you leave me)  
Just leave me  
Leave me alone  
Alone  
Alone  
Alone  
If you don't love me baby leave me alone  
Alone  
Alone  
Alone
