Seek & Destroy

Pop Will Eat Itself

You've got to rip it up
You've got to tear it up
When you're a seeker
Seeker and destroyerRip it up
Tear it upCheck out the latest and greatest
New noise designed by a sadist
Hey, girls and boys of the A-list
Go home and play with your toysLike concrete reduced to rubble
Concussed, you stagger and stumble
Tripped and ripped like a hemorrhage
Crack that whip until you're destroyedYou've got to rip it up
You've got to tear it upYou've got to rip it up
You've got to tear it up
When you're a seeker
Seeker and destroyerYou've got to rip it up
You've got to tear it up
When you're in my houseYou'll find the tide is turning
Wham bam, your Babylon's burning
I've learnt that I've got a yearning
Employed to seek and destroy
We're taught that naughty is nicest
Detect all suspect devices
The price of vice for the government
Seek, destroy and make a big noiseLike concrete reduced to rubble
Concussed, you stagger and stumble
Tripped and ripped like a hemorrhage
Crack that whip until you're destroyedDestroy...You've got to rip it up
You've got to tear it up
When you're a seeker
Seeker and destroyerYou've got to rip it up
You've got to tear it up
When you're in the house
When you're in the houseYou've got to rip it up
You've got to tear it upDestroyNaughty is nicest
Love for suspect devices
Now we're paying the prices
