

# The Divine Conspiracy

## Epica

Quaestio nostra est aeterna  
Ultima requies fons vitae

Sed eam ut novam ducemus  
We will never know all possibilities to predict what is to come  
And so we have illusions to think freely  
Once we had been

Rich from within  
Did not try to reach  
What we couldn't achieve  
Because once we had been  
Able to win

From the need to succeed  
We need to be innocent to live the life we've lived for so long  
We need to be blind enough to live the life we live right now  
Who possesses your time also possesses your  
mind  
Once we had been

Rich from within  
Did not try to reach  
What we couldn't achieve  
Because once we had been  
Able to win

From the need to succeed  
We need to be innocent to live the life we've lived for so long  
We need to be deaf enough to live the life we live right now  
Reach out, touch infinity

Life is just a memory  
Time is not the entity  
Like it used to be  
The Divine Conspiracy  
Opens up the reality  
Time is not the entity

Like it claims to be  
Once we had been  
Rich from within  
Did not try to reach  
What we couldn't achieve  
Because once we had been  
Able to win

From the need to succeed  
We need to be innocent to live the life we've lived for so long  
We need to be insensitive to live the life and so ignore it all  
Who possesses your time also possesses your  
mind  
Who possesses your time  
-Mislead us all, we are not in control  
Also possesses your mind

-There is no trace that will lead to this place  
Reach out, touch infinity  
Life is just a memory  
Time is not the entity  
Like it used to be  
The Divine Conspiracy

Opens up the reality  
Time is not the entity  
Like it claims to beDesperately we all  
    Clutch at the last straw  
    We stumble and fall  
    Countdown to die  
To heal it allWe will never reach  
    Our capacities, no more  
    We cannot expand  
Our boundariesOnce we had been  
    Rich from within  
    Did not try to reach  
    What we couldn't achieve  
    Because once we had been  
        Able to win

From the need to succeedWe need to be innocent to live the life we've lived for so long  
We need to be insensitive to breathe so we can take it all for grantedReach out, touch infinity

    Life is just a memory  
    Time is not the entity  
Like it used to beThe Divine Conspiracy  
    Opens up the reality  
    Time is not the entity  
    Like it claims to be
