

# Taste (feat. Offset)

Tyga

[Intro]

D.A[Verse 1: Tyga]

Slide on a pimp game with my pinky rang  
Lotta gang, lotta bitches, and a icy chain  
Why you claim that you rich? That's a false claim  
I be straight to the whip, no baggage claim  
Whole lotta styles, can't even pronounce the name  
You ain't got no style, see you on my Instagram  
I be rockin' it like it's fresh out the pan  
Only when I'm takin' pics, I'm the middleman  
Walk, talk it like a boss, I just lift the hand  
3 million cash, call me rain man  
Money like a shower, that's my rain dance  
And we all in black, like it's Gangland  
Say the wrong word, you be hangman  
Watch me stick to your bitch like a spray tan  
Aw, Mr. 'What Kind Of Car He In?'  
In the city love my name, nigga I ain't gotta say it

[Chorus: Tyga]

Taste, taste, she can get a taste  
Taste, taste, she can get a taste  
Taste, taste, fuck what a nigga say  
It's all the same, like Mary-Kate  
Taste, taste, she can get a taste  
Taste, taste, let you get a taste  
Taste, taste, do you love the taste?  
Yeah that's cool but he ain't like me[Verse 2: Tyga]  
Lotta girls like me, niggas wanna fight me  
Nigga get yo ass checked like a fuckin' Nike  
Me not icy, that's unlikely  
And she gon' suck me like a fuckin' Hi-C  
Aw, chains on the neck for the whole team  
And I feel like Gucci with the ice cream  
And my bitch want the Fenty, not the Maybelline  
I'm the black JB the way these bitches scream  
Make these bitches scream  
Pretty little thing  
Like my nigga A.E, say, yadadamean  
[Chorus: Tyga]

Taste, taste, she can get a taste  
Taste, taste, she can get a taste  
Taste, taste, fuck what a nigga say  
It's all the same, like Mary-Kate  
Taste, taste, she can get a taste  
Taste, taste, let you get a taste  
Taste, taste, do you love the taste?  
Yeah that's cool[Verse 3: Offset]
