

Don't Tell Miss Fenley

Bracket

Poison apple sits on her desk
I'm hanging on every word she says Don't tell miss Fenley I've been bad
Don't tell miss Fenley I've been bad Her head falls down onto her desk
She's hanging on to her last breath Don't tell miss Fenley I've been bad
Don't tell miss Fenley I've been bad Next time she'll find. Next time she'll mind.
Next time she'll find. Next time she's mine. Don't tell miss Fenley I've been bad
Don't tell miss Fenley I've been bad
