

Sleeping Off Summer

BOYS LIFE

? stuck in my head
summer staining out sweat
from your bedbut i won't bet it all
summer lasts too long
don't take the fall for it
don't take the fall for it it's like a shallow summer sleep
sweat in my sheets
waiting for the rain to begin
to begin
to begin it only seems to get?
? enough to keep me bored
if i leave a lying dream (?)
at the top of your lungs i'll scream
let me out of here
let me out of here
let me out of here
let me out of here
let me out of here
