

Chasing You (Jenn Johnson)

Bethel Music

You hide; I wanna find you

Go and I will follow you

I wanna be where you areAs you move, I'm right beside you

Lord, I'm running after you

I wanna be where you areI'm chasing you ,I'm so in love

captivated, I just can't get enough

I'll spend my days running after your heart, your heart, your heart oh woah woah woahI'm chasing you,
with all my life,

captivated, I just can't get enough

I'll spend my days running after your heart, your heart, your heart
oh woah woah woah woahHeart, (you've won my heart)

you've won my heart and soul

(Heart and soul)

And where you lead I'll go

(I will go)

I wanna be where you are

(oh woah oh oh oh)From the moment I rise

To the moment I sleep

My affection is for you

And even as I dream

I wanna know you

I'm after your heartI'm chasing you ,I'm so in love

Captivated, I just can't get enough

I'll spend my days running after your heart, your heart, your heart oh woah woah woah woahI'm chasing you,
with all my life,

Captivated, I just can't get enough

I'll spend my days running after your heart, your heart, your heart
oh woah woah woah woahThis life, this love

Was always meant to be

A wild crazy adventure

Discovering, the thrill, the rush

The more of you I see,

The more it leaves me wanting your everything

Your EverythingI'm chasing you ,I'm so in love

Captivated, I just can't get enough

I'll spend my days running after your heart, your heart, your heart oh woah woah woah woahI'm chasing you,
with all my life,

Captivated, I just can't get enough

I'll spend my days running after your heart, your heart, your heart

oh woah woah woah woah
