

# Right Thru Me

Nicki Minaj

You see right through me  
How do you do that shit?  
How do you do that shit?  
How do you do that shit?  
How do you? How do you?  
How do you? How do you?  
You let me win, you let me ride  
You let me rock, you let me slide  
And when they lookin', you let me hide  
Defend my honor, protect my pride  
The good advice, I always hated  
But looking back, it made me greater  
You always told me forget the haters  
Just get my money, just get my weight up  
Know when I'm lying, know when I'm crying  
It's like you got it down to a science  
Why am I trying, no, you ain't buying  
I tried to fight it back with defiance  
You make me laugh, you make me hoarse  
From yelling at you and getting at you  
Picking up dishes, throwing them at you  
Why are you speaking when no one asked you?  
You see right through me  
How do you do that shit?  
How do you do that shit?  
How do you do that shit?  
How do you? How do you?  
How do you? How do you?  
You see right through me  
How do you do that shit?  
How do you do that shit?  
How do you do that shit?  
How do you? How do you?  
How do you? How do you?  
What are we doing? Could you see through me?  
'Cause you say, "Nicki," and I say, "Who me?"  
And you say, "No you," and I say, "Screw you"  
Then you start dressing and you start leaving  
And I start crying, and I start screaming

The heavy breathing but what's the reason?

Always get the reaction you wanted  
I'm actually fronting, I'm askin' you something  
Yo, answer this question, class is in session  
Tired of letting passive aggression  
Control my mind, capture my soul  
Okay, you're right, just let it go  
Okay, you got it, it's in the can  
Before I played it, you knew my hand  
You could turn a free throw into a goal  
Nigga, got the peep hole to my soul  
You see right through me  
How do you do that shit?  
How do you do that shit?  
How do you do that shit?  
How do you? How do you?  
How do you? How do you?  
You see right through me  
How do you do that shit?  
How do you do that shit?  
How do you do that shit?  
How do you? How do you?  
How do you? How do you?  
Stop, stop  
Would you just stop looking through me?  
'Cause I just can't take it  
No, I can't take it  
You see right through me  
How do you do that shit?  
How do you do that shit?  
How do you do that shit?  
How do you? How do you?  
How do you? How do you? How do you?  
You see right through me  
(You see right through me, baby)  
You see right through me  
You see right through me  
How do you? How do you?  
How do you? How do you? How do you?  
Baby
