

# Like This (Redline Radio Remix)

Kelly Rowland

Ladies and gentlemen, Kelly's back Told y'all I was gonna bump like this

Y'all didn't think that I could bump like this

Said, I told y'all I was gonna bump like this

Turn around, then I make it jump like this

(Ladies!) You wanna keep that boy, then make it jump like this

Y'all didn't think that I could make it bump like this

See, I told y'all, y'all was gonna jump like this

How you not gon' know it when it hit like this? Ladies, drama, leave it home

If he ain't got it right by now, then scratch him off

They just called me, said it's about twenty strong

They standin' at the door, don't wanna take us on

The ring - let it go 'bout three months ago

The pain ain't stressin' me no more

The girl that they used to know done changed

Now they sayin' this before they mention my name Told y'all I was gonna bump like this

Y'all didn't think that I could bump like this

Said, I told y'all I was gonna bump like this

Turn around, then I make it jump like this

(Ladies!) You wanna keep that boy, then make it jump like this

Y'all didn't think that I could make it bump like this

See, I told y'all, y'all was gonna jump like this

How you not gon' know it when it hit like this? Like six, six-four, came up real slow, put a good game on me

Told him: 'Partner, don't get too close so comfortable

Cause the quick ain't for me

Got my girls all here, no enemies, always family please

All of your personal info

I ain't thinkin' 'bout love, I just tryin' to get it up

Pop a bottle, talk a lot of bullshit

And let's, let's go Told y'all I was gonna bump like this

Y'all didn't think that I could bump like this

Said, I told y'all I was gonna bump like this

Turn around, then I make it jump like this

(Ladies!) You wanna keep that boy, then make it jump like this

Y'all didn't think that I could make it bump like this

See, I told y'all, y'all was gonna jump like this

How you not gon' know it when it hit like this? Tonight I ain't feelin' no (stress)

To my girls that's lookin' their best

Won't you go and show it off for us?

(Ladies, go on, throw your hands up)

And if he's all in your head  
Just forget all the things that he said  
Girl, this is yours; do whatever you want to  
(Ladies, go on, throw your hands up) Hear these words out my mouth, now, tell you how it's goin' down  
Kelly, E-V-E - we comin' through and got 'em bowin' down  
Ladies, can you feel it? It's an anthem you can bounce around  
Give you just a sec to take your breath; bring it back now  
Dudes get excited, seein' what they like, and  
Hopin' you the one you choose, hope they get invited  
Late night rendezvous is all right  
But we lovin' how the club vibratin'; it's enticing  
Let the beat knock; trust me, we ain't gon' stop  
Here till the light's up; watch us take over the spot  
Few mad looks from them chicks you know  
And from them dudes who be jealous of a chick wit' dough  
Pop another bottle for them, keep my life movin'  
No time for the drama, watch me blow through them  
I know I sound confident; I'm supposed to though  
We do it big, how we live; Kelly told you so, come on Told y'all I was gonna bump like this  
Y'all didn't think that I could bump like this  
Said, I told y'all I was gonna bump like this  
Turn around, then I make it jump like this  
(Ladies!) You wanna keep that boy, then make it jump like this  
Y'all didn't think that I could make it bump like this  
See, I told y'all, y'all was gonna jump like this  
How you not gon' know it when it hit like this?
