

Weightless

Chris Burkich

I wonder why I'm still here
Said I never would come back here again
You keeping me from going insane
Ohhhh

I wonder what you did to me
I had never been up in the clouds
Now I don't ever want to come down

Cause you got me weightless
I'm breathless
As I look in the mirror
See the bigger picture
I'm losing my mind
Lose everything clearer

Weightless, I'm breathless
Let's watch in the mirror
See the bigger picture
I'm losing my mind
Lose everything clearer

I wonder why you're still here
I thought you never would come back here again
Said I'll know we're making you go insane.

No matter we'll overrate we'll never runaway
Cause together is the only way I know to survive
It's the only way to see the light

Cause you got me weightless
I'm breathless
As I look in the mirror,
see the bigger picture
I'm losing my mind,
lose everything clearer

Weightless, I'm breathless
Let's watch in the mirror
See the bigger picture

We're losing our minds
lose everything clearer

Ca-ca-cause you got me weightless,
I'm breathless
As I look in the mirror,
see the bigger picture
I'm losing my mind,
lose everything clearer

Weightless, I'm breathless
Let's watch in the mirror,
See the bigger pictures
We're losing our minds
lose everything clearer
