

The Signal (B.O.M.B. Remix)

Madcon

[Intro: Yosef]

You sending me signals

I send them back to you

I send them back[Verse 1: Tshawe]

Out of sight, out of mind

Came out of nowhere, started to shine

My eyes they can't take it

Who loves somebody saying it?

You got me weasel from the smoke the way that you set my soul on fire

And the signals I'm sending

Read the signals I'm sending[Hook: Tshawe]

It don't say stop, it don't say no

I'm sending a call out, I want you to know

Pick it up

I'm sending L-O-V-E

Sending L (sending) O (sending) V-E[Bridge: Yosef]

You sending me signals, I send them back

Don't take a rocket scientist to see that you sending me signals

I send them back to you

I send them back[Verse 2: Tshawe]

Oh my god you're redefined

Are you an illusion? Are you a sign?

Please somebody tell me

Are the heavens speaking to me? Yeah

If you're my Venus then forgive me if I can't take my eyes off you

The signals you're sending

I'm reading the signals you're sending[Hook][Bridge][Verse 3: Yosef]

Just know the reason I'm always feeding signs you

I'm always trying to read to see if what you sending me is true[Hook][Bridge][Hook][Outro: Yosef]

You sending me signals, I send them back
