Hey! (So What)

[Dannii Minogue](#)

Ooh take a sip, lick your lips
Spin it 'round and take it down
I'm movin' in, boot it up
Turn me on and check it outShivers creepin' up inside my soul
Free my inhibitions, break the moldHey, so what do I do
To get you back to mine
Just for the night?Hey, no need to be shy
You've caught my eye
Ooh, we've crossed the lineIt's getting late in the night
Gotta wet my appetite
Ooh, follow me, follow you
Come on, baby, break the rulesRead between the lines, don't stop the flow
Feel it burning up then let it goHey, so what do I do
To get you back to mine
Just for the night?Hey, no need to be shy
You've caught my eye
Ooh, we've crossed the lineHey, so what do I do
To get you back to mine
Just for the night?Hey, no need to be shy
You've caught my eye
Ooh, we've crossed the lineCome on, babyShivers creepin' up
Ooh take a sip, lick your lips
Spin it 'round and take itFree my inhibitions, break the moldHey, so what do I do
