In the Night

Rob Rock

I can't believe all the time that passed between our lives
Just yesterday it was a dream too far to come true
I've fallen for the last time, I can see the sun it's in your eyes
I've waited for a lifetime just to have you here by my sideIn the night, I feel you hold me tight
I feel my love's alive, as you're taking me through the nightTaken for granted, taken for a ride across that line
Into the crossfire between body, soul, and you're mind
Emotion is a fine line, you can be deceived when you spill the wine
Blinded by a compromise, you can throw away so much timeBut we can make a run for heaven nowIn the night,
I feel you hold me tight
I feel my love's alive, as you're taking me through the night
In your eyes I see there's no disguise and now I realize
That I finally found paradiseIn the nightIn the night
I've fallen for the last time
I've waited for a lifetime
Blinded by a compromise
Taking me through the night
