Little Demonchild

Beseech

[Music & Lyrics: Klas]
[Arrangement: Robert, Mikael]Can you feel the wind blow, closer day by day
Blowing with a motion, for a brand new dayDemonchild, why have you been gone
Do you still miss, miss your family
Oh, I'll bet it hurts to loose so muchCan you feel the wind blow, closer day by day
Blowing with a motion, for a brand new dayDemonchild, what have you been through
I can still hear, hear you crying
So you better find a cureCan you feel the wind blow, closer day by day
Blowing with a motion, for a brand new day
