World's Greatest Lover

Cheap Trick

You're the world's greatest lover in my world
You're the world's greatest lover in my worldIn my heart, in my world
There is no one else
In the whole wide world
Yeah yeah yeah yeahAs I sit and write this letter
And think of home
As I sit and write this letter
And think of homeIn my heart, in my world
There is music that I've never heard
Yeah yeah yeah yeah
In my world, in my world
Like I've never heard in my worldI ain't a poet baby, I'm a man
I'm comin' home darlin', fast as I can
I ain't a poet, baby
I'm just a man that loves you
I love youYou're the world's greatest lover in my world
You're the world's greatest lover in my worldIn my heart, in my world
There is music that I've never heard
Yeah yeah yeah yeah
In my world, in my world
Like I've never heard in my world, in my world
I'm comin' home darlin', darlin'
