Remember somewhere I'll be found
Next to you, right next to you
I'm stuck in the shadows of a man that I never could be
Thinking twice about trusting but losing that someone who cares
You killed me by silence but whispered that this feels oh so good
I feel oh so good

And you right where you are
Is where I ought to be
Somewhere behind the scars
There's always room for me

This broken bracelet is all that I have left from you
And the morning sun came too soon
'Cause what's left is this wall that is crumbling down in our lives
Leaving him behind

And you right where you are
Is where I ought to be
Somewhere behind the scars
There's always room for me (2x)

Have I lost my way
Oh baby say it's not true
That it can hurt so good
When I'm right next to you

yeah you, right where you are, right where you are...
