

Everything As Loss

Tricia

What I want
What I need has got me
Running after the temporary
Like the stuff that I get will make me
Complete
And
It's a carousel
One I know too well
Cause I keep going 'round in circles
'Round and 'round and 'round
Woah-ao-o-o-o-oh
I'm letting go-o-o-o-oh
Silver and go-o-o-o-old
It's not enough
Not enough
What could hold a candle
What could come close
What could overshadow
All You are
Let my life prove
That compared to
What You finished on that cross
I count everything as
Loss
So I don't wanna live distracted
When it's all said and done
The fact is
All the stuff I gain won't matter
In the end
Cause
Everything will fade
Turn to dust anyway
But this thing that I'll hang my head on
Is love
Woah-ao-o-o-o-oh
I'm letting go-o-o-o-oh
Nothing I ho-o-o-o-old
Is enough
It's not enough

Ordinary
Worth forgetting
And nothing special
Everything is dull in light of You
In light of You
What could hold a candle
What could overshadow
All You are!
