Dance

Newsboys

Never got the memo, never got on board
Couldn't get lost 'cause I never explored
Never took a swing, never held the ring
Never drew a straw, never knew how to drawWe got the whole world waiting for anything to wash ashore
Evidence they can't ignore anything to hope for
Faith is the substance, faith is the glue
Bringing us together, giving us a clueIt'll make ya dance like no one is looking
Sing like no one can hear
Love like you've never hurt before
Live like there's nothing to fearNever got with it, never gave blood
Dragging my feet tracked in more mud
Tried to take control, dug a deeper hole
Couldn't get a hand then bless my soulYou hosed off the dirt, set my feet on a rock
I got a vision from God, I felt the awe and the shock
I know faith is the substance, faith is the key
Faith is gonna take us where we're meant to beAnd now we're gonna dance like no one is looking
Sing like no one can hear
Love like you've never hurt before
Live like there's nothing to fearGet up, get out, get up, get out
Get up, get out, get up, get out
Get up, get out, get up, get out
Come onGet up, get out, get up, get out
Get up, get out, get up, get out
Get up, get out, get up, get out
Get up, get out, get up, get out
Come onDance like no one is looking
Sing like no one can hear
Love like you've never hurt before
Live like there's nothing to fearDance like no one is looking
Sing like no one can hear
Love like you've never hurt before
Live like there's nothing to fear
