Crushed

S

Come and taste my seasonin', Chef, the cooking that is marvelous
Back with a stove, makin' your mouth water, you starve for this
Exclusive sneakers with hard denim, heavyweight
A neighbor illustrated Alex Haley with paper
Waves spinnin' like the Titanic, come take a float on
Silky like King Henry the eight robe in lace frame
Restaurants with skeleton keys, it's big business
Well groomed and elegant posture is real dapper
Status is gigantic, culture's alpaca
Meetings in the Vatican, drinkin' scotch with the Muscle Milk
Praises go to Ason, the dynasty Mr. Russell built
Feed me royal shottas with Glocks, clean 'em with tea tree oil
China dolls from Bangkok, we bang 'em, train 'em and make 'em loyal
Trees stank, she come kiss the top of my Yves Saint
Wise-Universal Tang when I bang
Grizzly with the big bank, it's 5 stars, y'all, when I call rankEgos are somethin' that the Wu-Tang trust
These stupid jealous niggas, y'all 'bout to get rust
This ashes to ashes to dust to dust
These devilish MC's cannot fuck with us, Lord
Egos are somethin' that the Wu-Tang trust
These stupid jealous niggas, y'all 'bout to get rust
This ashes to ashes to dust to dust
These [?] cannot fuck with us, LordRifles out, bear like the Russian
Octagon tuggin' silk drawers frontin', while her head stuntin'
Mo' sanes flood the garage
Man the goats launchin' charge cards from Africa
Catch me in the hookah lodge
Brains linked, twisted Cohibas say the seeds bang
Coffee pots with graveyard rings, flippin' Gs
Yankee hoodlum on the top of the charts
Dart throwers, they sharks
Everybody wanna know when my gun barksNon-athletic anti-semetic synthetic rappers get no credit
Pathetic septic lines, incompetent styles not embedded
Wu-Tang slang bangs in your brain, this is not genetic, prophetic
Unadulterated talent while y'all talk that bullshit rhetoricEgos are somethin' that the Wu-Tang trust
These stupid jealous niggas, y'all 'bout to get rust
This ashes to ashes to dust to dust
These delivish MC's they cannot fuck with us, Lord
