

# Turn Up The Mains

Jesse Malin

Coming down on the seventh day  
I'm burnin' in the rhythm of life  
You dig a ditch like a working stiff  
And it all goes passing you by Well come on, everybody's got a lot to say  
Come on, when you want to blow it all away  
Come on, right now I can't feel no pain  
Come on, kick the system and turn up the mains And I feel okay, I feel okay, I don't feel Your closet's stacked  
and your on your back  
'Cause you've never been denied  
You're feeling sore but you want some more  
Ride, Sally, ride Well come on, everybody's got a lot to say  
Come on, when you want to blow it all away  
Come on, right now I can't feel no pain  
Come on, kick the system and turn up the mains And I feel okay, I feel okay, I don't feel The place is packed and  
the kids are jacked  
On those anti-social songs  
You swing low like a halo  
And you're wishing you were never born Well come on, everybody's got a lot to say  
Come on, when you want to blow it all away  
Come on, right now I can't feel no pain  
Come on, kick the system and turn up the mains And I feel okay, I feel okay, I don't feel  
And I feel okay, I feel okay, I don't feel  
And I feel okay, I feel okay, I don't feel
