Every Time It Rains

Charlotte Martin

Every time it rains I listen to the sky
I wonder what's so great about sunshine
So everybody lives and everybody dies
And no one's gonna love you like I doWhen it was getting dark, I didn't need a match
I never needed light to see you
You thought I disappeared but I was always here
I could never get that far from youThough I misunderstand and been misunderstood
So love me 'cause you can and not because you shouldEvery time it rains
I know it's good to be alive
Every time it rains
I know I'm trying to surviveTake it as it comes and take me as I am
I never was a good impostor
I know how to dream and don't know where I stand
I'm willing to admit I try too hardStop playing with my heart, I'm waiting by the phone
Afraid to be myself, afraid to be aloneEvery time it rains
I know it's good to be alive
Every time it rains
I know I'm trying to survive
And every time it rains
I'm gonna hide myself insideI know it's good to be alive
I know it's good to be alive
I know it's good to be aliveEvery time it rains
I know it's good to be alive
Every time it rains
I know I'm trying to surviveEvery time it rains
Every time it rains
Every time it rains
Every time it rains
