

# Mind Trick

Jamie Cullum

I missed the opportunity  
To get you, babe, to stay with me  
Never thought, I'd regret the excuses that I've made  
Like a song, it will fade  
If there's music in the night and it's really, really right  
It's the only thing I need  
It intoxicates your mind all your troubles left behind  
So come on and take my lead  
It's not just me who feels it, music plays a mind trick  
Watch me forget about missing you, oh oh  
So I put my feelings out to dry  
Love, one day again I'll have to try  
Falling out, making up it seems such a silly game  
Why do I never gain?  
If there's music in the night and it's really, really right  
It's the only thing I need  
It intoxicates your mind all your troubles left behind  
So come on and take my lead  
It's not just me who feels it music plays a mind trick  
Watch me forget about missing you, oh oh  
Na na na  
Na na na  
Na na na  
If there's music in the night and it's really, really right  
It's the only thing I need  
It intoxicates your mind all your troubles left behind  
So come on and take my lead  
It's not just me who feels it music plays a mind trick  
Watch me forget about missing you  
Watch me forget about missing you  
Na na na  
Na na na  
Na na na
