

# Happy Holidays to You

## The Whispers

Lots of happy little Children waiting for sunrise Stocking full of candy and a big surprise  
Look at the happiness in there eyes they're glade it's Christmas,  
People caroling into the light were the show is falling there sleigh bell riding to night  
Were snuggle to a nice warm fire I'm glade its Christmas

But be for this day gets under way think of how much  
LOVE you each to give to day then wonder why we can't give it all ever day.  
There no reason, ever season needs love.

People really need one another man, woman boy girl sister and brother we wish to wish!  
Happy holidays to you, happy holidays -happy holidays\_ Happy holidays to you

And for this holiday season celebration let's lift our hands to the holy nation to say  
THANK YOU FATHER, thank you Father, Happy Birthday to your Son. Happy holidays to you

O is strength we need Love is to share together Peace is to be with ever one  
hay-hay-a - happy holidays to you, happy holidays-happy holidays?. to you  
Happy holidays to you, Happy holidays- happy holidays

You see people really need one another man women boy girl sister and brother  
We wish to wish happy holidays to you happy holidays- happy holidays

We wish you happy holidays - wool oo to you to you to you hmm  
HOPPY HOLIDAYS TO YOU FROM THE WHISPER
