Song #1

Suuntaus

Squeeze
Like it, like it's a disease
Keep your pants on
Keep your knowledge burnin'Something takes
And something holds
And something breaks
The fucking moldKids, now listen
Burning, burning, burning
Down the back lawnsHey you, come on kids
Don't let yourself
Feel safe nowSomething takes
And something holds
And something breaks
The fucking moldNever trust
Who wants control
It's time to breakBreakin' out of the doldrums
We're soldiers
We want to break free, break free
Bust out of the rules
Fuck the rules, yeah
Who's gonna make me, make me?Breakin' out of the doldrums
We're soldiers
We want to break free, break free
Bust out of the rules
Fuck the rules, yeah
Who's gonna make me, make me
Make me, make me?Freeze is a disease
Yeah, come on
Sorry, it's 1 2 nowSo just fuck 'em up
'Cause you're a brilliant star
Yeah, just pump 'em up
You know who you areSomething takes
And something holds
And something breaks
The fucking moldNever trust
Who wants control
It's time to break, break
Break, break freeBreakin' out of the doldrums
We're soldiers

We want to break free, break free
Bust out of the rules
Fuck the rules, yeah
Who's gonna make me, make me?Breakin' out of the doldrums
We're soldiers
We want to break free, break free
Bust out of the rules
Fuck the rules, yeah
Who's gonna make me, make me?
