

# Here Comes the Night

## Nature Sound Series

I can see her right out my window  
Walkin' on the street, my girl with another guy  
His arms around her like it used to be with me  
Hey man, it makes me want to die  
    Yeah, yeah, yeah  
    Here it comes  
    Here comes the night  
    Here comes the night  
    Whoa, whoa, whoa, yeah  
There they go, it's funny how they look so good together  
    Wonder what is wrong with me  
    Why can't I accept the fact that she's chosen him  
    And simply let them be  
    Whoa, whoa, whoa  
    Here it comes  
    Here comes the night  
    Here comes the night  
    Whoa, whoa, whoa, yeah  
Oh, she's with him, he's turning out the lights  
And now he's holding her the way I used to do  
I can see her closing her eyes and telling the lies  
    Exactly like she told me too  
    Whoa, whoa, whoa  
    Here it comes  
    Here comes the night  
    Here comes the night  
    Whoa, whoa, whoa, yeah  
    Here it comes  
    Here comes the night  
    Here it comes  
    Here comes the night  
    Here it comes  
    Here it comes  
    Here it comes  
    Here it comes  
    Oh, here comes the night
