Tom Tom Club

** tentative transcription : can you help to complete it? **I was walking down the street
When I saw a pretty boy
He was checking the beat on his radio toy****i've got the urge***
****i've got to let it find me***
****won't do nothing like this***
****on hollywood and vine***
He's from the south of the bronx
He's from the lower east side
He makes me crawl up the walls
He makes me run and hideDon't say no if you don't know
Don't say no to love
Don't say no if you don't know how to love
Don't say no to love***people'll call you on the telephone***
numbers are falling all around my home
I love that boy
I love the man in the street
I love wild child smiles on the faces that I meet
I love paris, I love tokyo and rome
I love the faraway places
But new york is my homeDon't say no if you don't know
Don't say no to love
Don't say no if you don't know how to love
Don't say no to loveI love the odour called life
I never watch tv
I make enough money
But I like what is free
I love new orleans
I love the romance
I love sydney, australia
I love anywhere in france
I love dublin, I love london and berlin
But new york is the best of any place I've bin'Don't say no if you don't know
Don't say no to love
Don't say no if you don't know how to love
Don't say no to loveDon't say no if you don't know
Don't say no to love
Don't say no if you don't know how to love
Don't say no to loveDon't say no if you don't know
Don't say no to love

Don't say no if you don't know how to love
