

Who Are You

Bilal

Ever told you about the boy
Who said he was a Virgo
He walked around doing every little thing
He thought a Virgo does Until he read in the paper
That he might be a Leo
So he started acting out on every little thing
He thought a Leo should Till somebody went upside his head with a bottle
Now he's out there crawlin' and thinkin' like a warrior
Fightin' for his life
If he was fightin' for his life Who are you? Ever told you about the girl
Who thought she was a Christian
So she walked around tryin' to save everyone
Just like the Christ had done Until she heard from the sun
That she was really an Egyptian
And the prophets stole all those concepts
Straight from the pyramid walls Now she's searchin' through her heart
Tryin' to find the answers to this life
This heaven, this hell
In this heaven, this hell Who are you?
Who are you?
Who are you? Who are you?
Who are you?
Who are you?
(Oh, tell me, tell me, can't you?) When the band stops playin'
And the lights go down
And the butcher man is gone
And your friends ain't around Crawlin' on home
But it's early in the mornin'
And your thoughts won't stop
But it's too late to get away Do you think about the good times
Or do you think about the bad?
Do you let it get to you?
Can't you just let it go
Tell me, can you let it go? Who are you?
(Tell me, you know it)
Who are you?
Who are you?
(I am everything) I'm a lover, I'm a fighter
I'm a saint, I'm a sinner

I'm a loser, I'm a winner
But I'm a just a beginner
I'm a cheap thing in the end
Buddhist, Egyptian I'm the future, I'm the power
I'm the help, I'm a problem, I'm a father
I'm a husband, I'm a son, I'm a lover
I'm a, I'm just a lover, I'm a
I'm a lover, I'm a I'm a Muslim, Christian
Hindu, magician, Jewish
Teething child, I'm a fork, I'm a freak
I'm a man, I'm a anything you want
I'm a I'm a lover, I'm a fighter
I'm a saint, I'm a sinner, I'm a love
Basically I'm just a human being, yeah
Be who I wanna be
That's who I am Spiritually, yeah
Spiritually, yeah, yeah I'm a spiritual being
Spiritually, yeah
Spiritually
Spiritually
Spiritually Oh, I'm a lover, I'm a lover
I'm a lover, oh
Spiritually Gotta break to be free
Don't you hunger
To be free, free, free
