

# The Girls On Minnie's Street

Christa Larson

Hey hey you, dance to the beat  
We are the girls on Minnie's street  
Hey hey you, dance and shout  
Minnie's gonna tell you what it's all about

Who knows how to have fun and how to put on a show?  
Who knows how to work hard? The girls on Minnie's street know  
They always walk tall and stick up for each other  
They ask Minnie for advice and this is what she tells them...

Have a kind heart, always work hard  
Be neat and clean and always lend a helping hand  
You can dress sharp and dance fast  
You'll be best friends, forever you will last  
Cause the girls on Minnie's street know, the girls on Minnie's street know

They do their chores and their homework everyday  
And when it's all done, well, the girls on Minnie's street play  
Minnie shows them dance steps and all kinds of cool tips  
They're always laughing cause the girls on Minnie's street all...

Have a kind heart, always work hard  
They're neat and clean and always lend a helping hand  
They always dress sharp and dance fast  
They'll be best friends, forever they will last  
Cause the girls on Minnie's street know, the girls on Minnie's street know

Hey hey you, dance to the beat  
We are the girls on Minnie's street  
Hey hey you, dance and shout  
Minnie's gonna tell you what it's all about

Girls on Minnie's street know (till fade)
