

# My Fork In The Road (your Knife In My Back)

Atreyu

So here, we are again the same fork in the road  
I hate you, you love me this story's getting old  
The day that I opened up you shut me out for good  
Forgive, forget, fuck you, you are a liar and a whore  
So take what you want and leave  
You'll never get another part of  
I remember the day that, I thought I would be free  
I poured out my soul to you exposed everything  
The next thing I know my heart is broke  
My hand it's much the same I did my best to drink you away  
So take what you want and leave  
You'll never get another part of  
You are poison on man's lips  
Lured in by the curves of your hips  
Come here boy, stand by me

Look my way, have another drink  
I should have got up  
I should have got up and left you  
And I will never ever be you're lover again  
As far as I'm concerned, we are not even friends  
This may not seem too subtle to you  
The point I'm trying to make is we are completely through  
So take what you want and leave  
You'll never get another part of  
You are poison on man's lips  
Lured in by the curves of your hips  
Come here boy, stand by me  
Look my way, have another drink
