

I'm Just Wild About Harry

Peggy Lee

I am here to state
I'm here to relate
To explain
And make it plain that:
I'm just wild about Harry
And Harry's wild about me; The heavenly blisses of his
Kisses fill me with ecstasy.
He's sweet just like sugar (chocolate) candy
And just like honey from a bee;
Oh, I'm just wild about Harry
And he's just wild about,
He can't do without,
He's just wild about me
Oh I'm just wild about Mandy,
And Mandy's wild about me
Oh, I'm just wild about Harry
And Harry's wild about me. The heavenly blisses of his kisses
Fill me with ecstasy.
He's sweet just like sugar(chocolate) candy,
And just like honey from a bee;
Oh, I'm just wild about Harry
And he's just wild about me.
