

Kill The Headlights

Rev Theory

Playin' on the safe side
Lettin' life slip by
Tell yourself another lie
Every single day, every single day
You've got to jump in head first
You might get hurt
But it's all worth it
In the end[Chorus]
Kill the headlights
I want you to see
All that's inside
You'll get where you want
Take your hands off the wheel
Kill the headlights
You've got all you need
On the inside
Just kill the headlights
Turn the radio upDreaming of another life
You're holding on too tight
When are you going realize?
Everything can change everything can change
You've got to jump in head first
You might get hurt
But it's all worth it
In the end[Chorus]Turn the radio up, yeah!Playing on the same side
Never let it slip by
Tell yourself another lie
Every single day, every single day
You've got to[Chorus][Repeat: x2]
Jump in head first
You might get hurt
(Turn the radio up)
It's all worth it
Turn the radio up
