Stay Awake

Ellie Goulding & Madeon

Take my fate in your hands
We've got a lot that hasn't even began
Something is calling us
We're breaking free
I'm curious
I need to seeLike a flash before our eyes
We're already into the night
And if it feels like we're dreaming
Believe it
Believe it(Yeah)
We don't have to wait till the morning
The sun will never go down
(Yeah)
And we will be this way forever
We've got to take it now
(Yeah)
Just stay awake, stay awake
You can follow us to paradise
Just stay awake, stay awakeBring me down
Side by side
While our reflections make our bodies collide
So full of energy
Nothing to hide
No need to sleep
We come alive
And if we're gonna take this ride
We can go wherever we like
And if it feels like we're dreaming
Believe it
Believe it
(Yeah)We don't have to wait till the morning
The sun will never go down
(Yeah)
And we will be this way forever
We've got to take it now
(Yeah)
Just stay awake, stay awake
You can follow us to paradise
Just stay awake, stay awakeBelieve itTake my fate in your hands

I need to seeLike a flash before our eyes
We're already into the night
And if it feels like we're dreaming

It was over like a flash before our eyes
We're going on a journey
It was over like a flash before our eyes
We're already into the night
