With You by My Side

Kayla Bailey

You break the mold
of everything I've ever
believed about love
With just one touch

You make me feel so beautiful
Cause you tell me every time you look in my eyes

I tell you my fears
and you tell me yours
and because you believe in me

You make me me feel like I can do anything
You make me feel like I can do anything with you by my side
With you by my side

You make me forget
My insecurities
Instead you distract me
With the flowers you bring

And when life is isn't enough
you leave paper reminders
So i know exactly what
you think of me

You make me feel like I can do anything
You make me feel like I can do anything

Like I can start with your arms around me
like I can conquer any mountain or valley
Promise waiting never faint
Like I can stare my fate right in the face
My heads at stake

You make me feel like I can fly
You make me feel like I can do anything
You make me feel like I can do anything with you by my side
With you by my side

Oh I can do anything with you
