

Got It

Sebadoh

I don't quite get it but I know you've got it
I don't care if nothing else goes my way all day
I'm taking your morning warmth with me out into the day
And I don't care if nothing else goes my way all day I think I can stay here a while with you
You make me feel much better, scared indeed to be without
Storm renders compass useless
Unwanted to be here, I feel the end of something Everything before us is hopeless
Everything before I don't quite get it but I know you've got it
I don't care if nothing else goes my way all day
I'm taking your morning warmth with me out into the day
I don't care if nothing else goes my way all day
