

Way We Won't

Grandaddy

Less than an hour past control tower
on a big box store roof
Cinnamon smell and holiday sales
why would we ever move?
Damned if we do, dumb if we don't
end up again back home
Watching the sea it's playing here free,
locked is the way...That is the way we won't
We won't
That is the way we won't
We won't More than a year landed out here
on a big box store roof
Tropical smells and back to school sales
why would we ever move?
Damned if we do, dumb if we don't
end up again back home
Watching the sea, it plays in HD,
locked is the way...That is the way we won't
We won't
That is the way we won't
We won't
That is the way we won't
The way we won't
The way we won't
That is the way we won't
We won't
