I Always Feel Like

TRU

See y'all niggaz think I'm tripping 'cuz I'm on that doja
(I'ma sprinkle y'all niggaz with some game)
See y'all true niggaz
One reason I'm spittin' this game to y'all niggaz
Nigga 'cuz I want y'all niggaz to watch y'all motherfuckin' self y'know
(Motherfuckin' F E D's everywhere y'know)
See the white folks be followin' niggaz all in the projects
(Narcotics, U.S. marshals)All in a nigga car, all on planes and boats
(Motherfuckin' cable man, buggin' niggaz houses up and shit)
Just like deez niggaz and deez hoes
(Telephone man)
Tired of motherfuckers followin' me man
(Uh, huh, motherfuckers everywhere)
Take another route nigga somebody after you
Keep ya eyes open foolI always feel like somebody's watchin' me
I'm paranoid, I can't sleep, I'm in the dope game
I think these hoes and these niggaz out to get me maynI always feel like somebody's watchin' me
I'm paranoid, I can't sleep, I'm in the dope game
I think these hoes and these niggaz out to get me maynI ain't never had nuttin' in my whole life
I'm from the ghetto grew up, on eggs and rice
I'm paranoid, I can't sleep 'cuz I done stole a ki
Peeped out the window unmarked car after me
My little homie downstairs holla, "Five, oh"
But I ain't runnin' from no motherfuckin' white folks
I got the A-K spray hit the window duck
(Lay it down)So nigga holla, goddamn I hit him in the trunk
The dogs chase me but a nigga ran through the back
That's when I seen Dope fiend Willy in the Cadillac
He said, "P where ya goin' man? Get in"
Put the gat to his head said interstate 10
Play it off, play it off, 'fore I do ya trick
Take me to the projects, to meet my bitch
A hundred G's, two ki's, and a bullet-proof vest
And like Billy the kid I got some pussy and headed to the westI always feel like somebody's watchin' me
I'm paranoid, I can't sleep, I'm in the dope game
I think these hoes and these niggaz out to get me maynI always feel like somebody's watchin' me
I'm paranoid, I can't sleep, I'm in the dope game
I think these hoes and these niggaz out to get me maynI was pullin' up out the driveway
Car been parked since Friday

I looked and look back it wasn't there
But I saw him followin' on the highway
And I today, know that I'ma blast
See I don't know who in it because the cars wiz-window was tinted
And I be seein' shit that ain't there
It ain't there but I be seein' shitI be in places without bein' seen there
But be seein' a place without even bein' there
And it seems like I'm in a different time zone
This dope game coke game got my mind, gone got my mind gone
I be havin' nightmares everyday, I'll be woke but I'll be sleep
I looked at Shock the nigga but I turned around and it was me
It got me 'noid, it got me 'noid, it got me noid
But I ain't paranoidI always feel like somebody's watchin' me
I'm paranoid, I can't sleep, I'm in the dope game
I think these hoes and these niggaz out to get me maynI always feel like somebody's watchin' me
I'm paranoid, I can't sleep, I'm in the dope gameI beez more paranoid than a fugitive because I choose to live
Pro-life, when it comes to mine my Ruger 9's on cock
For all them haters with the scandolous plots
The red dot, marks the spot, for my nineteen shots
Thought I forgot the way they did ya boy?
That's why I'm never on the streets without my plastic toy
(Fa sho')
They wanna trap me kidnap me duct tape my mouthTorture me until I tell 'em 'bout my man and point the dope house out
(Damn)
I used to be about the same drama games
That's why I'm two steps ahead of all you, gutter brains
You know the name Mia X the biggest momma
Ghetto Sara Lee at the store
And Betty Rocker when I choppa fa sho'
The evil eyes be watchin' 'cuz niggazBe always tryin' to get in the best players spot
And knockin' motherfuckers heads off and cris-crossin'
Throw in mo' salt than Morton, when it rains it pours
Whores with pitchfork tongues, they're tryin' to get my slung
On my back gotta watch them jealousy acts so black
My eyes be in the front and the back and on the sides peepin'
For all them crooks that be out creepin', I feel they watchin' meThey're watchin' us
But TRU soldiers don't die, we multiply, ungh
Keep an open eye for them hatersI always feel like somebody's watchin' me
I'm paranoid, I can't sleep, I'm in the dope game
I think these hoes and these niggaz out to get me maynI always feel like somebody's watchin' me
I'm paranoid, I can't sleep, I'm in the dope game
I think these hoes and these niggaz out to get me mayn
