Soul in Half

Lullacry

Make up your mind
I said my prayers
Cold's taking over
Bringing frozen tearsThe great silence
It's all said and done
You wanted too much
And now you have none(Chorus)
I was the price you paid
Hope you're happy now
Did you think twice before
Cutting my soul in halfMake up your mind
I said my prayers
Cold's taking over
Bringing frozen tears(Repeat chorus 2x)(Repeat chorus 2x)
