Nothing More

Verse

Advisory - the following lyrics contain explicit language:

Your words are shit
And I can see right through you
Writing songs to please
So kids fall to their knees
And worship what you do
Your words are shit
And I can see right through you
Writing songs to please
So kids fall to their knees
And worship WHAT YOU DO
Songs about nothing
Just meaningless words
When your time to shine has passed
What the fuck were your words worth?
NOTHING
NOTHING...
Just WORDS WORDS WORDS and nothing more
WORDS WORDS WORDS and nothing more
And nothing more...
And nothing...
Nothing more
Foolish words spoken
That people hold up in the light
Savory to the ears of ones who follow your life
WORDS WORDS WORDS and nothing more
WORDS WORDS WORDS and nothing
... nothing
... nothing more
NOTHING MORE
WORDS WORDS WORDS and nothing more
WORDS WORDS WORDS and nothing more
WORDS WORDS WORDS and nothing more
