Taxi To Nowhere

Electric Six

I ride a taxi
To nowhere
And as soon as I get out
I'm gonna be aloneI'm in the backseat
Dyin'
I can't remember anything at allExcept the day that she left me
Except the day that she left me alone to die
WEEEEEEEEEEEEIt's the tuxedo
I'm wearin'
That gets me where I want to go
It's the illusion of money
That brings be homeI ride a taxi
To nowhere
A taxi
To nowhere
And as soon as I get out I'm gonna be alone
