

# Numb Bears

## Of Monsters and Men

Fishing for a friend,  
Can't remember when it was dark  
Or the sun coming up.  
Far across the ocean lone,  
While numb bears at home  
Said I could never get there,  
Never get there. Breaking little twigs with my feet  
And underneath  
Is a road that's so steep.  
Far across the ocean alone  
While numb bears at home  
Said I could never get there  
But I'm already there.
