

Ready Now

Alexa Sunshine Rose

Shining light,
Mother Mary,
Guiding star,
shine into me.

Guide me now,
closer, ever closer still,
to thy divine will.

To thy divine will.
To thy divine will.
To thy divine...

Shining light,
Mother Mary,
Guiding star,
shine into me.

Guide me now,
closer, ever closer still...

Only through thy love,
will I be conceived to live with thee.

Only through thy will,
will I be reborn and I am free.

Only through thy love,
will I be conceived to live with thee.

Only through thy will,
will I be reborn and I am...

I am ready now.
I am beautiful.
I am all love surrounded and holy held.

I am held by the light as I am her child,
I am that infant so tender and mild.
Held by the light, we are God's child.

Shining light,
Mother Mary,

Guide me now,
closer, ever closer still,

To thy divine...

Shining light,

Guide me now,
