

Doctor Online

Zeromancer

Everybody is online? It's the beginning of the end
You want things to go faster
It's the beginning of the end
Now everything's too slow for you
It's the beginning of the end
You are one step closer
It's the beginning of the end
Say amen 1-800-suicide
Or maybe doctor online could help you die
You need wings to fly
You need someone to take your place
When you are gone It's the beginning of the end
You know nothing lasts forever
A beginning of a trend
You need someone there to care for you
It's the beginning of the end
I don't think you understand
Just a beginning of a flatline together 1-800-suicide
Or maybe doctor online could help you die
You need wings to fly
You need someone to take your place
When you are gone 1-800-suicide
Or maybe doctor online could help you die
You need wings to fly
You need someone to take your place
When you are gone Thank you for calling 1-800-suicide
If you wish to self terminate by electric shock, press 1
For termination by overdose, press 2
If you would like to make a reservation
To visit our drowning pool, please press 3
For termination by hanging, please press 4
For death by self inflicting gunshot, press 5
To speak to a representative, stay on the line
If you don't wish to die please hang up now 1-800-suicide
Or maybe doctor online could help you die
You need wings to fly
You need someone to take your place
When you are gone 1-800-suicide
Or maybe doctor online could help you die

You need wings to fly
You need someone to take your place
When you are gone
