

Hourglass (feat. V. Bozeman)

Empire Cast

[Verse 1]

You say you're right, I'll say you're wrong
You'll be polite, but continue on
And I'll say it might be true
If you want me to, ooo You say it's night, and I'll say it's morning
You'll see the light, and pretend you don't
And I'll close a blind, if you, really want me to
If that's what you want to do [Chorus]
But life has its own arranges
As time passes on, it changes
The hourglass moves on a grain
And our path is torn in strands [Verse 2]
You say we fight, I'll say we argue
Maybe you're right, that we really are through
And I'll say goodbye, if you really want me to
Cause that's what I'm gonna do You say it's mine, I'll say it's yours
Maybe the time has come, to finish our scores
And I'll break my promise too, if you want me to
That's what I'm gonna do [Chorus]
But life has its own arranges
As life passes on, we're strangers
And our past is blown away
The hourglass is thrown and breaks [Outro]
And I'll take a fall for you
If that's what you want me to
